

Auxiliary Portable Personal Safety Grounding Lead 0.4 kV / 10 kV

Category: Grounding, Earthing & Lightning Protection

Product code: personal-safety-grounding-lead-aux-0-4-10kv

Portable personal-safety grounding lead with a PVC-insulated flexible copper conductor, insulated plier clamps and a ground clamp, sized for work on 0.4 kV distribution boards and 10 kV switchgear.

SPECIFICATIONS

Product Name	Auxiliary Portable Personal Safety Grounding Lead
Model Number	YJH Safety Grounding Wire
Working Voltage	0.4 kV / 10 kV
Conductor	Flexible stranded copper, PVC insulated
Cable Cross-section	16 mm ² / 25 mm ²
Configuration	0.4 kV: 4 plier clamps + 1 ground clamp; 10 kV: 3 plier clamps + 1 ground clamp
Lead Length	1 m / 2 m / 3 m / 5 m per phase
Insulation	PVC
Application	Personal safety grounding for LV distribution boards and 10 kV switchgear
Brand Name	YJH POWER
Place of Origin	Hebei, China
